

Thanks, Rachel for the video link

I found his years of research interesting. He and numerous others have discovered many surprising schemes of humans, and fascinating science as well. I hope he continues his investigation. He has noticed intriguing patterns connected to energy, but he has not yet found the one who created and designed all these things, or gotten to know his personality or promises. Notice what we read in Isaiah 40:26

*“Lift up your eyes to heaven and see.
Who has created these things?
It is the One who brings out their army by number;
He calls them all by name.
Because of his vast dynamic energy and his awe-inspiring power,
Not one of them is missing.*

If we read a few verses before, we read comforting thoughts about his personality, in light of current world events

Isaiah 40: 22 & 23 reads

*There is One who dwells above the circle (or sphere) of the earth,
And its inhabitants are like grasshoppers.
He is stretching out the heavens like a fine gauze,
And he spreads them out like a tent to dwell in.
23 He reduces high officials to nothing
And makes the judges* of the earth an unreality.*

In the video link you sent, we see he has also discerned that there are intelligent creatures that can travel through the universe, but perhaps he doesn't yet realize that God has revealed their identity, personality, and goals and that there is a universal issue going on right now, and earth is in the middle of it.

These heavenly spirit creatures are called angels or demons. Demons are angels who at first were good, but then rebelled against their creator. When humans think they are talking to aliens or ghosts, they are really talking to these intelligent demons. “Satan” literally means “resister”, and “Devil” means “slanderer”. Going back to Genesis 3:1-6 we get insight into the start of this rebellion and the universal issues raised back then. Pretending to be a snake, Satan presented an offer to the first woman that she could be like God. Instead of having God tell her what is right or wrong, she could decide for herself what she wanted to be right or wrong, and be her own God. When Adam joined her in rebellion against God, Satan became the ruler of the earth, and, although God is more powerful,, he permitted this in order to resolve these questions that affected all intelligent creation throughout the universe. Did God have the right to rule humankind? Was his way of ruling the right way, or could humans rule themselves successfully without his direction? Should humans live by God's laws, based on love for him and one another, or should they pursue a selfish course of life that ignores his direction. Who's ways work better and bring more happiness? A struggle of who would rule the earth began, but who is the rightful sovereign of the universe?

Genesis 3:1-6

Now the serpent was the most cautious of all the wild animals of the field that Jehovah God had made. So it said to the woman: “Did God really say that you must not eat from every tree of the garden?” 2 At this the woman said to the serpent: “We may eat of the fruit of the trees of the garden. 3 But God has said about the fruit of the tree that is in the middle of the garden: ‘You must not eat from it, no, you must not touch it; otherwise you will die.’” 4 At this the serpent said to the woman: “You certainly will not die. 5 For God knows that in the very day you eat from it, your eyes will be opened and you will be like God, knowing good and bad.” 6 Consequently, the woman saw that the tree was good for food and that it was something desirable to

the eyes, yes, the tree was pleasing to look at. So she began taking of its fruit and eating it. Afterward, she also gave some to her husband when he was with her, and he began eating it.

Interestingly, Satan knew that if the first humans listened to him, they would die, and they did. He is a liar and a willful manslayer, so it's no wonder that the world under his control copies his personality. Life is viewed as cheap and expendable and lying is rampant.

In the video, it was pointed out that a group of humans, higher than the governments actually manipulate and direct world events. But there is another level above them. 1 John 5:19 tells us more about the origin of the earth's real rulership. It reads

- We know that we originate with God, but the whole world is lying in the power of the wicked one.

Jesus lived in heaven before coming to the earth, and he knew Satan's personality well, and saw it reflected in some humans as well. He reveals that religious leaders in his day copied Satan's traits.

Notice John 8:44

- You are from your father the Devil, and you wish to do the desires of your father. That one was a murderer when he began, and he did not stand fast in the truth, because truth is not in him. When he speaks the lie, he speaks according to his own disposition, because he is a liar and the father of the lie.

Satan revealed that what he really wants is worship from humans that rightfully belongs to God. He is the one setting up world rulerships, and Jesus didn't deny it. Jesus himself called Satan the "ruler of this world." (John 12:31)

Luke 4:5-8 reads

So he (Satan) brought him up and showed him all the kingdoms of the inhabited earth in an instant of time. 6 Then the Devil said to him: "I will give you all this authority and their glory, because it has been handed over to me, and I give it to whomever I wish. 7 If you, therefore, do an act of worship before me, it will all be yours." 8 In reply Jesus said to him: "It is written, 'It is Jehovah your God you must worship, and it is to him alone you must render sacred service.'"

Humans are not powerful enough to remove Satan from his role in earth's affairs. Fortunately, such help has been promised. Notice 1 John 3:8

- The one who practices sin originates with the Devil, because the Devil has been sinning from the beginning. For this purpose the Son of God was made manifest, to break up* the works of the Devil.*

So what role can we play? Agreeably, just like the video link encouraged, we should take a peaceful role during the solution to the critical world scene. We can do our part as humans to search for God and stick to truth, but we need God's help to remove the real ruler of this world.

Each one of us humans need to discern the answers to these important universal questions, and take a stand on one side or the other. But first we may need to answer questions for ourselves, so we can make an intelligent and successful answer.

There are more questions that need to be answered, like

- How do we know if we can trust the Bible as God's words, and not the work of humans trying to control their fellow humans through religion.
- How will God return the earth to his original purpose?
- How do the efforts made by the United Nations fit into the picture?
- What is God's view of big business and the religions of the world?
- What role does God's government play in the solution?

The Bible answers all this and more. God expects us to search for the answers, and he's made finding the answers easy for truth seekers with an honest heart.
